Odyssey Systems Awarded ID/IQ Contract by US Air Force Space Command – Provides ability to compete for up to \$450 Million in services

Wakefield, MA, August 25, 2010: Odyssey Systems Consulting Group, Ltd., a leading provider of technical and management support services for government clients announced today that it has been awarded a "Contract for Space and Missile Capabilities (CSMC)" ID/IQ Contract by the US Air Force Space Command (AFSPC) Peterson AFB, CO. Under this contract, which has a ceiling value of \$450 million, Odyssey will provide a broad range of Advisory and Assistance Services (A&AS) and Systems Engineering and Technical Assistance (SETA) services to HQ AFSPC Mission Capability Teams and Directorates. Odyssey's support to AFSPC includes: Management and Professional Services; Studies, Analyses and Evaluations; and Engineering and Technical Services. This contract will serve as a vehicle to provide technical and analytical tools; support or improve policy development, management, and administration; and improve the operation of systems supporting the AFSPC mission.

Steve Sovaiko, Odyssey's Director of Space Programs said, "The CSMC contract win represents the continuation of Odyssey's strategy to bring over a decade of our award-winning technical and management expertise with complex technology projects to the DoD Space market and AFSPC in particular. I'm proud that AFSPC recognizes our Space expertise, and we're eager to work alongside the Air Force's Space professionals as we assist them in supporting their critical mission areas."

Mike Sweat, CEO of Odyssey Systems, added "This award is a major success in a five year effort to expand and extend our functional expertise to the space domain. We look forward to supporting AFSPC's efforts to rapidly develop and deploy integrated space and cyberspace capabilities that substantially enhance our national security."

Odyssey Systems Team members include: Apogee Engineering LLC, ARINC Engineering Services LLC, ASRC Aerospace Corp., ASRC Communications LTD, ManTech International Corporation, QinetiQ North America, Inc., Quantum Research International, Inc., Science Applications International Corporation (SAIC), Serco, Inc, Special Aerospace Services LLC , Veteran Engineering Technology LLC, and Wyle Information Services LLC.
