Press Release

Odyssey Systems Awarded ID/IQ Contract by US Army Space and Missile Defense Command/Army Forces Strategic Command – Provides ability to compete for up to \$450 Million in services

Wakefield, MA, September 22, 2009: Odyssey Systems Consulting Group, LTD., a leading small business provider of technical and management support services for government clients announced today that it has been awarded a "Space and Missile Defense Initiatives Support III (SMDIS III) Scientific, Engineering and Technical Assistance (SETA) Program" ID/IQ Contract by the US Army Space and Missile Defense Command/Army Forces Strategic Command (USASMDC/ARSTRAT), Peterson AFB, CO. Under this contract, which has a ceiling value of \$450 million, Odyssey will provide a broad range of SETA and operational support services for USASMDC/ARSTRAT and collaborating agencies including definition, planning, development, and execution of Space, Missile Defense, Global Strike, Information Operations, C4ISR, and related missions. Odyssey and its team partners will assist with strategic planning, technology assessment, program planning, architecture development, modeling and simulation, prototype development, systems analysis and integration, independent verification and validation, test and evaluation, operations, training, integrated logistics support, sustainment, and other contingency and mission support to the war fighter.

Jon Dowling, Odyssey's SMDIS III Program Manager said, "We realize this is an opportunity to provide world-wide support to the warfighter across the Command's core mission areas. This is a responsibility we do not take lightly and we will ensure that we meet the Command's needs by providing top class personnel and utilize proven processes. "

Steve Sovaiko, Odyssey's Director of Space Programs added, "The SMDIS III contract represents the continuation of Odyssey's strategy to bring over a decade of our award-

winning technical and management expertise with complex technology projects to the DoD Space market and USASMDC/ARSTRAT in particular. I'm proud that USASMDC/ARSTRAT recognizes our Space expertise, and we're eager to work alongside the Army's Space and Missile Defense Command professionals as we assist them in supporting their critical mission areas."

Odyssey Systems Team members include: include: CAS, Inc. a wholly owned subsidiary of ITT Corporation; Lockheed Martin Information Systems & Global Services – Enterprise Integration Group; Global Security & Engineering Solutions, a Division of L-3 Services, Inc.; Spiral Solutions and Technologies, Inc.; McCallie Associates, Inc.; Aegis Technologies Group, Inc.; Systems Solutions Group Inc.; ISYS Technologies; and CS2, Inc.
