Press Release

Odyssey Systems Achieves ISO 9001:2000 Certification for Quality Management

Wakefield, MA, October 14, 2008: Odyssey Systems Consulting Group, a leading provider of technical and management support services for government clients announced today that it has achieved ISO 9001:2000 certification. Odyssey has been awarded this designation by BSi for meeting guidelines set out by the International Organization for Standardization

“Achieving ISO 9001:2000 certification provides formal validation of two principles that have been the foundation of our company since day one: customer satisfaction and continuous improvement.” said Michael Sweat, Chief Executive Officer, Odyssey Systems Consulting Group. “Our entire team strives to excel at service delivery, ensuring all customers receive true value for the trust they place in our firm.”

“Achieving ISO 9001:2000 certification is a terrific milestone for Odyssey, our customers and employees,” said Paul Kuconis, Odyssey’s Director of Quality. “ISO certification supports our pursuit of continuous improvement and an on-going commitment to provide our customers assurance of product quality. Our success in achieving this goal is due to the tremendous dedication and teamwork of our employees”.

“Odyssey Systems’ ISO 9001:2000 certification is a great achievement, and BSI Management Systems is proud to have been there every step of the way,” said Todd VanderVen, President of BSI Management Systems, America. “Now, Odyssey Systems can demonstrate to their clients and shareholders a commitment to quality and high standards.”
