Press Release

Odyssey Systems Awarded ID/IQ Contract by US Navy Space and Naval Warfare Systems Center Pacific – Provides ability to compete for up to \$47 Million in services

Wakefield, MA, March 31, 2010: Odyssey Systems Consulting Group, LTD., a leading small business provider of technical and management support services for government clients announced today that it has been awarded a ID/IQ Contract for “tactical data link (TDL) systems support for a range of Navy, Marine Corps, Army, Air Force and Foreign Military Sales Programs by the US Navy Space and Naval Warfare Systems Center Pacific, San Diego, CA.” Under this contract, which has a ceiling value of \$47 million, Odyssey will provide a broad range of support services for SPAWAR including maintenance and modification of TDL computer programs, life cycle functions of systems, research and requirements analysis, systems engineering, configuration management, modeling and simulation and human factors engineering. The support provided by Odyssey and its team partners will assist in vital areas such as airborne tactical data systems, ballistic missile defense, command and control processors, common link integration processing, dynamic net management, joint tactical radio systems, tactical systems support, and associated subsystems, network, process, and capability maturity model integration support.

Bud Giza, Odyssey’s SPAWAR Program Manager said, “*Odyssey Systems and its team members are proud to be selected to provide technical and engineering support for Tactical Data Link Systems to SPAWAR Systems Center Pacific (SSC PAC), and to continue providing our expertise to the warfighter for both US Military and foreign allies.*”

Randy Nunley, Odyssey's Director of Defense and Security Services added, "*The Odyssey Systems Team is excited about the prospect of continuing our legacy of support to SPAWAR Systems Center Pacific (SSC PAC). Our goal with the award of the TDL Support Contract is to ensure Code 535 gets the expertise and resources it needs to efficiently accomplish Tactical Data Link integration and operation in the Fleet's numerous programs of record.*"

Odyssey Systems Team members include: ASG Solutions Corp., C2Kinetics, CACI, Inc.-Federal, IntegrITS Corp, LinQuest Corp., Pacific Science & Engineering, and Syneren Technologies Corp.

About Odyssey Systems: *Odyssey Systems Consulting Group, Ltd., is an innovative small business headquartered in Wakefield, MA with offices in Burlington, MA, Charleston, SC, Colorado Springs, CO, Dover, NH, Hampton Roads, VA; Los Angeles, CA, Oklahoma City, OK, San Antonio, TX, San Diego, CA and Washington, DC.*

Founded in 1997, Odyssey currently employs over 300 highly qualified technical, analytical, administrative and management personnel who provide exceptional advisory and assistance support services, engineering and systems integration expertise to government clients including the United States military services, Missile Defense Agency, Department of Homeland Security, and National Park Service.
