

Odyssey Systems One of Five Awarded \$350 Million TAASC Contract

(Wakefield, MA) – Odyssey Systems Consulting Group is one of five contractors awarded the "Tinker Advisory & Assistance Services Contract (TAASC)" contract to provide support to the U.S. Air Force at Tinker Air Force Base in Oklahoma City, OK (TAFB). The ceiling value of the contract is \$350 M over a six year period of performance.

The Odyssey Systems-led team will provide professional services in the areas of program and financial management, logistics, engineering, training and administrative support. This competitive award recognizes Odyssey and its team members for their outstanding past contributions to the success of the Air Force mission and Odyssey's proposal to provide continuing innovative services to the Air Force's critical mission at the Oklahoma City Air Logistics Center.

Mike Sweat, CEO of Odyssey Systems said, "This is an important win. It expands the range and depth of our support for the Air Force at a time when all defense agencies are facing a shortage of qualified technical support. We are excited by the opportunity to partner with the staff at Tinker to support our troops around the world."

"The Odyssey Systems Team has the breadth of experience, technical talent and resources to provide innovative solutions and capabilities to the TAFB at this time of heightened national security," added Mike Prisco, Odyssey Systems Chief Operating Officer and General Manager of its Defense Services division. "We look forward to working closely with our customer and rolling up our sleeves to meet the future challenges together as one integrated unit."

Odyssey Systems Team members include: BAE Systems; Frontier Electronic Systems (FES); ISYS Technologies; Logistics Transformation & Training (LTT); MCR; P3I; SDS International; and SI International.
