Press Release

Odyssey Systems wins Department of Homeland Security US Coast Guard BPA valued at \$19 Million over 5 years

Odyssey will provide on site engineering, technical, and administrative services to DHS US Coast Guard with emphasis on spectrum management.

Wakefield, MA, October 15th, 2008: Odyssey Systems Consulting Group has been awarded a Blanket Purchase Agreement (BPA) and initial Task Orders (TOs) to provide on-site engineering, technical, and administrative support including spectrum engineering, frequency assignment processing, and communications support. Odyssey will ensure that authorized frequencies are utilized; develop and validate spectrum utilization plans; conduct mandatory 5-Year Reviews; process frequency assignment requests and assist field units in the myriad of other spectrum related tasks. Additionally, Odyssey will provide technical expertise in MF/HF/VHF/UHF mobile and point-to-point communication systems, military satellite programs, commercial satellite communication systems and electromagnetic compatibility between systems service wide. Work will be performed at US Coast Guard Headquarters (Washington DC), USCG Atlantic Area (Norfolk, VA), USCG Pacific Area (Oakland, CA), and various US Coast Guard districts located in; Miami, FL; New Orleans, LA; Alameda, CA; Boston, MA and Seattle WA. The contract ceiling value is \$ 19,032,000 over a five year period.

Kurt Nahser, Odyssey's Director of Communication Systems Technology commented: "We are proud of the technical support services we have provided to the Department of Homeland Security's Headquarters U. S. Coast Guard since 2001. We are humbled that in the increasingly competitive world of contracting, Odyssey Systems was once again selected to work along side the DHS HQ Coast Guard to achieve their critical mission objectives."
